Pure Single Jamaican Rum – 62,8%, 70 cl

Range

Hampden Estate was founded in 1753 and has been distilling rum for almost three centuries in the Trelawny Parish, historically known as the grand cru of Jamaican rum. Renowned throughout the world for its full, intensely flavorful rums, Hampden Estate has always produced quintessential, heavy pot still pure single rums, using unique methods that guarantee its remarkable aromas and truly exceptional taste.

Product description

The second part in the journey dedicated to rare Hampden casks bottled in 2010, this version is in the HLCF category (ester content of 500-700 gr per hectolitre of pure alcohol), like the single casks 78 and 80.

The particularly intense and beautifully mature palette of flavours and aromas reveals incredibly pure fruity, honeyed, floral and chocolate tones that push its deeply mineral and empyreumatic character into the background.
